## **DETAILED ACTION**

The reply filed November 12, 2003 is not fully responsive to the prior office action because of the following omission(s) or matter(s): The applicant did not elect a single disclosed composition in Group I for prosecution as required under 35 U.S.C. 121, as stated in the restriction requirement dated July 15, 2003. See 37 CFR 1.111. Since the above mentioned reply appears to be a bona fide, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

The election restriction of the prior Office Action dated August 25, 2003, is as follows:

### *Election/Restrictions*

Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. Claims 1-11, drawn to shaving and moisturizing compositions comprising sodium hyaluronate, classified in class 514, subclass 25+.
- II. Claims 12-17 and 19-29, drawn to method of shaving, classified in class 424, subclass 73.

Inventions of Group I and Group II are related as product and process of use. The inventions can be shown to be distinct if either or both of the following can be shown: (1) the process for using the product as claimed can be practiced with another materially different product or (2) the product as claimed can be used in a materially different process of using that product (MPEP § 806.05(h)). In the instant case the method of shaving can be performed with a

composition that is materially different from the instant composition as disclosed by Paul et al (US 6555508).

Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

Because these inventions are distinct for the reasons given above and have acquired a separate status in the art because of their recognized divergent subject matter, restriction for examination purposes as indicated is proper.

If Group I is elected applicants are further required to elect a single disclosed composition for prosecution.
